

**Name:** Samriti Naik

**Designation:** Lecturer

**Department:** Pharmaceutical Chemistry

**Abhilashi College of Pharmacy**

**Academic Qualification:** M. Pharm (pharmaceutical chemistry)

**Area of Specialization:** Phytochemistry (natural product chemistry)

**Experience:** 5 months

**M. Pharmacy Research Project:**

“Isolation, extraction and characterisation of active constituent of *Xanthium strumarium* for Anti diabetic activity”

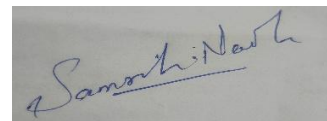

**Papers Published:**

1. **Samriti Naik *et al.***, article entitled “**Preclinical Evidence Supporting The Anti Diabetic Effect Of Xanthium Strumarium**” International journal of pharmaceutical science, 2024
2. **Samriti Naik *et al.***, article entitled “**Different method of determination of Anti diabetic activity**” International journal of Research and Analytical review, August 2025
3. **Samriti Naik *et al.***, article entitled “**Isolation, Extraction and Characterization of active constituent of Xanthium strumarium for anti-diabetic activity**” International journal of Creative research thoughts, Sept. 2025
4. **Samriti Naik *et al.***, article entitled “**Brain targeted drug delivery via chemical modification: strategies and recent advances**” European journal of pharmaceutical and medical research, 2025
5. **Samriti Naik *et al.***, article entitled “**new horizons in analytical chemistry: techniques and application**” International journal of pharmaceutical science, 2025

6. **Samriti Naik et al.**, article entitled “**Development and evaluation of liposomal gel containing *Ajuga bracteosa* for topical treatment of gout** “International journal of pharmaceutical research and development,2025

### **Additional Professional Activities:**

1. Participated in Two day international conference on “**the evolving healthcare landscape: challenges and opportunities across different verticals**” held on February 15<sup>th</sup>-16<sup>th</sup>,2025 at Shiva institute of pharmacy, Bilaspur(HP).
2. Participated in One-day international conference on “**product research and marketing of new drugs**” held on October 26<sup>th</sup>,2024 at Vinayaka educational society (HP).
3. Participated in One-day national conference on “**Challenges to face strengthening of healthcare in developing countries**” held on November 4<sup>th</sup> ,2024 at Dreamz college of pharmacy (HP).
4. Participated in one-day Workshop on “**Analytical techniques in development of phytopharmaceutical Monograph and recent advancements**” held on March,2022 at Abhilashi college of pharmacy(HP).
